

The most comprehensive, fully featured, presentation center available!

The Wizard is a dream to use for any educator or presenter. Constructed of 18-gauge steel with square tube corner supports, accented with cherry wood surface, this unique cart offers both durability and beauty.

This unit is equipped with a VGA easy-connect console that connects to a LCD projector, which can be placed/stored on the lockable sliding shelf built into the unit. The VGA pass-through plate allows a presenter to easily connect a laptop or document camera in a flash. The lockable storage cabinet and sliding shelf are designed to support all leading brand document camera and LCD projectors. The built-in lockable storage drawer will keep all extra cables, pointers and important manuals safe and secure. The top surface is constructed from high quality one inch melamine laminate measuring 18"Lx21"W.

Additionally, this unit is outfitted with a flip up side shelf measuring 16"Lx14"W which provides the option of having your laptop and document camera available to use simultaneously. Storing equipment in the large secured cabinet with an adjustable shelf makes the setting up of your presentation as easy as 1-2-3. Equipped with 4" casters, unit easily rolls throughout entire venue. A 20-foot power cord with a 6 outlet power strip is mounted in the inside of the unit for easy wire management. The Wizard is shipped pre-assembled for your convenience.
